The KS28 is a reference subwoofer designed to extend the frequency response of large format systems. The KS28 features two high excursion, 18” direct radiating transducers mounted in a bass-reflex tuned enclosure. The L-Vents reduce turbulence and port noise at high levels while also increasing LF efficiency.

The KS28 operates from 25 Hz. The excursion capability of the transducer, combined with L-Vents contributes to deliver a high SPL with low distortion. The KS28 can offer standard or cardioid directivity, by combining physical deployment and the suitable preset.

The KS28 is the first L-Acoustics enclosure to fully utilize the LA12X amplified controller power. The LA12X ensures advanced crossover functions, linearization and L-Drive protection of the transducers. Its onboard library offers standard and cardioid presets, each available with two low-pass filters to accommodate various coupling conditions and LF contour requirements.

The KS28 cabinet is assembled with birch and beech plywood panels. The use of panels optimized for thickness and combined with stiffeners gives the KS28 maximized internal volume, mechanical integrity and a low weight of 79 kg. It feature six ergonomic handles for a solid grip and efficient handling. Bottom and side runners ensure safe stacking. A two-point suspension system is flush-mounted into the cabinet.
APPLICATIONS AND BENEFITS

The KS28 is the ideal companion to large format systems in stacked or flown deployments. KS28 can significantly boost the LF extension and contour of line sources.

RIGGING

The KS28 can be stacked horizontally or vertically in standard or cardioid arrangements.

</tbody>
</table>

1: Possible on KS28-CHARIOT up to 4 units

With KS28-BUMP, KS28 can be flown in vertical arrays of standard or cardioid arrangements, up to 16 units.

TRANSPORTATION ACCESSORIES

- **KS28-PLA**: removable front dolly on wheels (one KS28)
- **KS28-COV**: protective cover (one KS28)
- **KS28-CHARIOT**: chariot for up to four KS28
- **KS28-CHARIOTCOV**: protective cover for three or four KS28 on KS28-CHARIOT

AMPLIFIED CONTROLLER

- **LA12X**: amplified controller with DSP
- **LA-RAK II**: touring rack containing three LA12X, with power, audio and network distribution

ASSOCIATED ENCLOSURES

- **K1/K1-SB**
- **K2/K1-SB**
- **ARCS II**

SOFTWARE

- **SOUNDVISION**: simulation software
  - 3D electro-acoustic & mechanical simulation software
- **LA Network Manager**: control & monitoring software
  - Real-time control and monitoring up to 253 units
  - Multiple network topologies

**Subwoofers**: a complete range for professional sound reinforcement

L-Acoustics subwoofers complement systems in applications where extended bandwidth is required.

All subs incorporate high excursion drivers, ultra-low vibration walls and laminar airflow L-Vents with a flared profile, resulting in dramatic reduction of port noise, maximized dynamics, power handling and an exceptional level of performance.
**SPECIFICATIONS**

- **Description**: Flyable subwoofer 2 × 18”, amplified by LA12X
- **Low frequency limit (-10 dB)**: 25 Hz ([KS28_100])
- **Maximum SPL**\(^2\): 143 dB ([KS28_100])
- **Directivity**: Standard or cardioid
- **Transducers**: 2 × 18” neodymium, aluminium die cast basket
- **Acoustical load**: Bass-reflex enclosure, LVents
- **Nominal impedance**: 4 Ω
- **Connectors**: IN: 4-point speakON®
- **Rigging and handling**: Flush-fitting 2-point rigging system
  - 6 ergonomic handles
  - 2 ground runners
  - 8 side runners
- **Weight (net)**: 79 kg / 174 lbs
- **Cabinet**: Premium grade beech and birch plywood
- **Front**: Steel grill with anti-corrosion coating
  - Acoustically neutral 3D fabric
- **Rigging components**: High grade steel
- **Finish**: Dark grey brown PANTONE® 426C

2: Peak level at 1 m under half space conditions using pink noise with crest factor 4 (preset specified in brackets).

**ISOCONTOUR**

- SPL mapping of a block of four KS28 in standard (left) and cardioid (right) arrangements, using surfaces of equal sound pressure with three dB step colored scale.

**DIMENSIONS**

- 702 mm / 27.6 in
- 1380 mm / 54.1 in
- 560 mm / 22.0 in
- 1331 mm / 52.2 in
