L-ACOUSTICS
CERTIFIED PRE-OWNED

L-Acoustics systems are renowned for delivering unforgettable sonic experiences and are engineered for the most demanding live production environments. This inherent durability ensures our systems enjoy an exceptionally long operational lifespan, delivering market leading value and performance for our customers.

As part of our commitment to sustainable practices and extending the life span of our premium sound solutions, L-Acoustics has established a Certified Pre-Owned Program. Through our network of Authorized Service Centers, we meticulously inspect, refurbish, and certify pre-owned L-Acoustics systems, offering them a second life in the market.

Each product that successfully completes our rigorous, audited certification process comes with an extended L-Acoustics warranty, providing you with the confidence and reliability you expect from our brand.

Certified Pre-Owned L-Acoustics systems are exclusively handled by our network of Authorized Service Centers. These centers are rigorously vetted and trained to conduct thorough inspections, testing, and remanufacturing processes, ensuring each system meets our stringent quality standards. They also manage the logistics and resale of these certified products.

Please note that the Certified Pre-Owned Program is currently limited to specific L-Acoustics product lines; K1 and K1-SB.

Frequently Asked Questions

How long does it take?
For 24 K1 and 12 K1-SB, the CPO certification process including repairs will take just under two weeks. Completion of the resale can take longer, but buyers and sellers are constantly sourced to minimize transaction time.

Is the CPO program open to other products outside of K1?
No, CPO is only for K1 and K1-SB

How long is the extended warranty on the resold CPO K1 package?
The extended warranty for CPO K1 packages hitting the market is 2 years for K1 and K1-SB if used electronics and other products completing the system specification (not subject to warranty extension) are included with the package. If new products are purchased, the CPO K1 and K1-SB receives a 4-year warranty extension. Warranty extensions are non-transferable.

Does this apply to all K1, or just CP owned K1?
This program applies to CP-owned K1 and K1 installed new by a CP at a venue.

Do I need to send in equipment for evaluation before consigning?
Equipment must be shipped to Gearsupply which forms part of the consignment. Pre-shipping evaluation includes serial number verification and remote visual checks.

What if I need my K1 inventory whilst on consignment?
If there is a potential inventory gap for a period of time, clients may choose to either reinvest ahead of time, cross rent from another CP, or wait to participate in the program until they have a period with less need of their K1 / equivalent inventory. If your K1 is in high demand and a reinvestment is not planned, the CPO program is not a good fit – retaining inventory would make more sense.

CPO K1 System Package

Quantity	Product	Description	Tag
24	K1	3-way full-range active WST® enclosure	Certified Pre-Owned
6	K1-CHARIOT or CHARIOT2	Chariot for 4 K1 or 4 K1-SB	Used or New
6	K1-CHARIOTCOV	Protective cover for 4 K1/K1-SB on CHARIOT	Used or New
12	K1-SB	K1 System subwoofer 2 x 15"	Certified Pre-Owned
3	K1-CHARIOT or CHARIOT2	Chariot for 4 K1 or 4 K1-SB	Used or New
3	K1-CHARIOTCOV	Protective cover for 4 K1/K1-SB on CHARIOT	Used or New
4	K1-BUMP	Structure for flying & stacking K1 and K1-SB arrays	Used or New
2	K1BUMPFLIGHT	Modular flight case for 2 K1-BUMP	Used or New
12	KS28	Flyable subwoofer 2 x 18"	Used or New
12	KS28-PLA	Removable front dolly on wheels for 1 x KS28	Used or New
6	KARA or KARA II	2-way active WST® enclosure: 2 x 8" LF + 3" HF diaphragm	Used or New
2	KARA-DOWNK1	Flying bumper for rigging KARA (II) under K1 or K1-SB	Used or New
7	LA-RAK II AVB	Touring rack AVB (3 LA12X/2 LS10/signal/power distribution)	Used or New
1	P1	Digital audio processor and measurement platform	Used or New
8	DOE2	Dual AVB network cable CAT6A: etherCON 2m length	Used or New
2	DOE45	Dual AVB network cable CAT6A: etherCON 45m length	Used or New
2	DOE100	Dual AVB network cable CAT6A: etherCON 100m length	Used or New
12	DO.7	Speaker cable: 8 x 4mm² CA-COM 0.7m length	Used or New
22	DO25	Speaker cable: 8 x 4mm² CA-COM 25m length	Used or New
2	DOFILL-LA8	Speaker cable extension for active 2 way enclosures CA-COM > 2 NL-4 length 3.5m	Used or New
8	DOSUB-LA8	Speaker cable breakout for passive enclosures CA-COM > 4 NL-2 length 5m	Used or New
4	SP.7	Speaker cable: 4 x 4mm² NL4 0.7m length	Used or New
2	SEMINAR1seat - System Engineer	Includes Soundvision, Drive System and M1-P1 Measurement & Tuning courses. Manage a project from design through calibration to operation within the L-Acoustics ecosystem, 1 seat	-
1	TRAININGSession - System & Workflow	Establish your role in the L-Acoustics ecosystem and align your practice with the latest tools and state-of-the-art workflow, up to 12 seats	-
1	TRAININGSession - L-Acoustics System Implementation	Advance your skills implementing a safe and functional L-Acoustics system and prepare it for calibration, up to 12 seats	-
1	TRAININGSession - K1 System	Recognize the standard configurations of the benchmark K1 system and gain hands-on experience rigging and listening to them, up to 12 seats	-
1	TRAVEL-SHORT or MEDIUM or LONG	Short/Medium/Long travel as applicable	-
2	TRAVEL-EXTRA	Meals and lodging cost for any additional day on site	-
